

Revisions to the ‘Laws of the Sport – Crystal Mark Third Edition’

World Bowls Council Meeting – April 2018

The following revisions were approved.

Law 52.1.6.1

52.1.6.1 measure between 112 millimetres and 134 millimetres across at their widest points;
and

Law 52.1.7.1

52.1.7.1 measure between 112 millimetres and 131 millimetres across at their widest points;
and

Editor’s Note.

The effect of this Law Change is to introduce two smaller sizes of Bowls.

Size ‘000’ 114 millimetres.

Size ‘0000’ 112 millimetres.

The reasoning behind this is that the minimum size at that time was 116mm but it was recognised that some “older” people and young players had difficulty even with the minimum size and manufacturers had been approached to design new smaller sizes of bowls.
