Aero Trifecta Bowls Addendum

Following the publication of the Official Statement on the Aero Trifecta Bowls at the end of July 2015 the English Indoor Bowling Association Ltd deems it appropriate, for full clarification, that it issues the following addendum to the original statement.

In the original statement it was stated that there were certain Trifecta colour combinations which: -

- a) Would cause little or no risk due to the distance
- b) Would not pose a risk to the bowlers on adjacent rinks
- c) Could pose a possible risk to those on the same rink within the initial 10 metres of delivery that is at the mat end.

Unlike the combinations which were deemed not to pose any health risks these combinations were not identified.

Therefore to fully clarify the matter there were 5 colour combinations, which are: -

- White / Black / White
- Red / White / Dark Blue
- Red / White / Red
- Red / Yellow / Dark Blue
- Galaxy / Solarflare / Magma

In issuing this update the EIBA wishes to advise that its stance on Trifecta Bowls has not altered from that issued in the July 2015 Statement. The EIBA are content that Aero Trifecta Bowls can be used in Indoor Bowls Clubs.

In addition anyone who is still unsure of the colour combinations can contact Peter Thompson, Chief Executive, EIBA Ltd on 01664 481900 or email peterthompson@eiba.co.uk

Ends.
